“ David and I were close friends for many years. We went to Junior college together and visited in each others home almost on a daily basis.

even after he was confined in a home, His dad would pick him up on Sunday night and we would have supper together.

Then he was moved over to jefferson and are visits became fewer and fewer.

“ We lived one block south of David on 2nd and cedar sts. David and I started Bryant grade school together and would walk to school together in the early years. David was not nearly as fortunate as most of us but was always cheerful and interested in what the rest of his classmates were doing. Sorry to hear of his passing.
