“ I remember way back when, we would have some great parties at dry gulch saloon, we became such close friends. I know with time we went our own ways and talked a lot less, but the memories of the time I did have being a part of your life was a very amazing memorable time.

I am so sorry for the loss of your physical being here on earth but now you can spread your love all over the place and will see you on the other side Tracy

“ I am very sorry for your loss you both are my virtual siblings and have known each other since pretty much the start of Hunter's first days on the Secondlife Grid. We have hung out together and danced. His heart so kind and big to help us with our club that he djed in the wee hours of the days he was able to while DJing for other fellow club owners. He never played favorites he treated all his family (virtual and real-life) and friends equally! He definitely deserves the wings he will receive when he joins our heavenly father in the gates of Heaven. We will truly miss him as we didn't just lose a great friend but a great family member! He will forever be our bro and you will always be our sis! And we are here for you if you just need an ear or shoulder. We love you Deb and we love you Tracey and will never be forgotten! When our time is done here we will meet again this time in person. Sending our love from down here up there till we meet again!

“ Deb & Grandma,
Our thoughts and prayers are with you all. Our hearts are sad but know Tracy is with Jesus. We will miss him so much. I'm so glad we got to spend some time with you both on Valentine's Day even if it was to visit a short time. Listening to you both tell each other you loved one another melted my heart. What a Precious love you had for one another. Daimon says he loves you so much and so do I. He said, I don't know what were going to do with out Tracy but he's with Jesus and in our hearts. We love you so much. Love & Prayers
